| <p>On the basis of the National Resolution on Priority Projects for the period 2007 - 2023 the South eastern Slovenia region has started with the preparation of a €150 million project connecting incubator, technological park, technological centre for medicines and new building materials with the university and campus and business zone in Novo mesto.</p> <p>The project was implemented through several phases: a. Project development and preparation of the master plan, b. Preparation of the parts of the projects to be implemented through the National Business centre – namely, for the Incubator, Technological park, Network of business zones, Technological centre for medicines, Technological centre for the new building materials, University and Campus. c. calculations of the project value for each sub project and calculations of costs and benefits of the whole project to be implemented.</p> <p>The feasibility study presented the implementation structure of the National Business centre and developed a whole financing mechanism for the building and operation of the project.</p> <p>The project was presented and supported by the Ministry of the Economy of Slovenia and is still in the process of implementation, with the first step to its finalization the incubator for SME development is in the construction phase and will be in operation in summer 2009.</p> |               |                             |                                                                  |                      |                            | <ul style="list-style-type: none"> <li>• Project design and support to engineering companies</li> <li>• Project design and content development for the Incubator, Technological park, Network of business zones, Technological centre for medicines, Technological centre for the new building materials, University and Campus.</li> <li>• Financial and economic calculations for each part of the project and for the whole National business centre</li> <li>• Implementation and fund management structure for the project implementation design</li> </ul> |                              |                         |
